then, I wonder? Once I am your sire?" Leigh was trying to decide if he meant from the bite he'd given her or if he'd have to bite her two more times, like in the books and movies, when he abruptly raised his left wrist to his mouth and sliced open a vein with one of his fangs. Oh, that is so totally gross, she thought.

Fleabites are incredibly itchy, the skin around each bite can be sore or painful and you might develop a rash or hives near the site of a bite. Scratching the bites is very likely to lead to infection.

This is not a comprehensive guide to bites and stings.
