747 - 400 Flight Crew Training Manual

The 737-800 featured in X-Plane-11 has been modeled by our design team with a degree of accuracy that ensures its flight characteristics are like the real aircraft. However, despite this, some differences will be apparent, because even the smallest factor plays into the ultimate behavior of the aircraft, both in real life, and in X-Plane.

X-Plane 11

Crews that operate Boeing 777 and 787 aircraft have been notified about misleading pitch guidance during glideslope interference on instrument landing system (ILS) approaches. The Federal Aviation Administration (FAA) issued this warning of potential erroneous autopilot flight director system (AFDS) guidance in a special airworthiness bulletin on April 16th.
